She represented the northern area in the final and was placed in the top three for her multicultural speech "*Human rights and wrongs*" and in the top four for her impromptu speech on the topic "*Being the best*". P&C: K-2 Disco – Friday 31 August

The P&C are gearing up for the annual K-2 Disco to be held on Friday 31 August, from 5pm in the Hall. All K-2 families are invited to put on their dancing shoes and come along for a twilight event full of fun, music and movement. Tickets are \$5 per child which includes food and a drink and can be purchased at the door on the night or via the payment form sent home last week with K-2 students. Please note that this is not a drop and go event – all parents/carers must be on site to supervise children. There will be much preparation during the day leading up to the Disco, so if you are available to volunteer some time to help please sign up on the P&C's Event Volunteering site http://www.thedempc.com.au/event-volunteering/?sheet_id=26 or email me at myra.janes@det.nsw.edu.au

New School Website

The Department of Education has been progressively rolling out a new generation website platform nationally during 2018. The migration process for North Sydney Dem has occurred recently and as at today we have a new school website address which is <https://nthsyddem-p.schools.nsw.gov.au/>. Through the migration process some areas of the old website have not been effectively transferred. Please bear with us while these issues are ironed out and stay updated with school news via the Dem Newsletter which is communicated to our parent community not only on the website but by the School Stream app, via email on School Bytes and also our Facebook page.

English as an Additional Language or Dialect Parent Information Evening – Thursday 6 September

If your child is participating in the EAL/D program this year, you are invited to attend a parent information evening where our EAL/D teachers, Ms Bethany O'Brien and Ms Sue Manning, will discuss the expectations of the English language development program and answer any queries you may have. A copy of the attendance note can be found on page 6 of this newsletter. If you have not yet had the chance to return the note this week, please do so as soon as possible. We will do our best to arrange interpreters in your language.

G&T Information Evening – Monday 10 September

We will be holding an information evening for parents who have a child in Kindergarten 2018 or who are new to the school in 2018 and would like to find out more about the school's Gifted & Talented policy and provisions. The information evening will start at 6.00pm on Monday 10 September in the staffroom located in McHatton Building. Topics to be covered on this evening include:

- What is giftedness?
- What are the school's policy and provisions for gifted students?
- How will the school identify and cater for the needs of my child?

This information night is particularly useful for parents who are unsure about whether their child may be gifted. Letters and G&T nomination forms were sent home to all Kindergarten students and any new students who enrolled at the Dem between Term 3, 2017 and now. If you have any questions about the G&T program, please contact Holly Kendall via email at holly.kendall2@det.nsw.edu.au

Festival of the Arts – Wednesday 12 September

It's that time of year where we showcase all our creative arts groups in the Dem's annual Festival of the Arts! As always we look forward to seeing all our students perform in their chosen groups showing us what they have been so diligently rehearsing throughout the year. The Recorder Group and Senior Choir have already participated in their major concerts for the year, but it is still a great performance opportunity for them to perform in front of parents and carers along with our K-2 Choir, Junior Choir and Band groups. A participation note went home this week for you to let us know if your child is able to perform on the night with their group. A copy of the note can be found at page 9 of this newsletter.

Schools Writing Competition

If your child likes to write and is interested in participating in the 2018 Schools Writing Competition, please see a copy of the competition entry form and more details on page 23 of this newsletter. You can also enter online at www.write4fun.net. The closing date for entries is Friday 31 August 2018.

Seasons for Growth Program commencing in Term 4

Changes and loss are issues that affect all of us at some stage in our lives. At North Sydney Demonstration School we recognise that when changes occur in families through death, separation, divorce or related circumstances, young people may benefit from learning how to manage these changes effectively.

We are therefore continuing to offer a very successful education program called Seasons for Growth, which will commence in Week 1 of Term 4. If your child has experienced some significant change to their circumstances in the last 2 years and needs support in coping please refer to pages 10-11 for some further information about the program.

The program is open to children in Years 1 to 6 and will run for 10 weeks during class time for 50-60 minutes. Please note that this program is not suitable for children in Kindergarten. If you have further questions or would like a copy of the application form, please email Mrs Amanda Vaga at

Amanda.coroneos@det.nsw.edu.au

Tell Them From Me Parent Survey

The *Partners in Leadership* parent survey is part of the *Tell Them From Me* suite of surveys on student engagement. The parent survey helps to clarify and strengthen the important relationship between parent and school. **The survey window will be open from Monday 27 August to Friday 26 October and can be accessed using this link: <https://nsw.tellthemfromme.com/b38gn>.**

Running this survey will help our school understand parents' and carers' perspectives on their child's experience at school. These include: communication between parents/carers and staff, activities and practices at home and parent/carer views on the school's support of learning and behaviour. This valuable feedback will help our school make practical improvements.

The survey is conducted entirely online at home or on public computers. The survey will typically take 15 minutes or less to complete and is completely confidential. Participating in the survey is entirely voluntary, however, your responses are very much appreciated. This year the survey is also offered in Arabic and Traditional Chinese.

Tell Them From Me Student Survey

The *Tell Them From Me* student survey will provide school principals and school leaders with insight into student engagement, wellbeing and effective teaching practices at their school, from the perspective of students. The survey is confidential and can be used either as a one-off survey or to identify trends within schools over time and better inform school priorities. A permission note was sent home this week with students in Years 4 to 6. If you DO NOT wish your child to take part in this survey, please return the note to the office by the indicated date. Only students in Years 4-6 will participate in this survey.

Please see pages 12-15 in this newsletter for information about both the Student and Parent surveys. You can also find more information on the Centre for Education Statistics and Evaluation at www.cese.nsw.gov.au.

Senior Gardening Lunchtime Club Volunteer Needed

A number of students in Years 3-6 are keen to take part in a weekly lunchtime gardening club. As our teachers in Years 3-6 are already stretched with playground duties and other lunchtime clubs I am looking for a parent or community member who is happy to attend the school for one lunch time per week to support the students with gardening. The volunteer/s will need to have a Working With Children Check (we can show you how to get one) and will need to be available between 11:55am to 12:50pm one day per week. If this is you please email me at myra.janes@det.nsw.edu.au

Nationally Consistent Collection of Data (NCCD) on School Students with Disability

Since 2015 all schools in Australia (government, independent and Catholic) have participated in a process of data collection for students with a disability. This initiative which has been trialled for the previous two years is known as the Nationally Consistent Collection of Data for School Students with Disability. The meaning of the word disability for the purposes of this data collection process is derived from the Disability Discrimination Act 1992 and has a broad meaning. It includes, for example, the presence in the body of organisms causing disease or illness and also the existence of a disorder or malfunction that results in a person learning differently.

The purpose of collecting this information is to ensure that all stakeholders have a clear picture of the number and level of adjustments that are required so that students with a disability can fully participate in education. Ultimately, this information will provide us with a very clear understanding of what support teachers and schools need to ensure all children are successful. Our school is now in the process of finalising the collection of this data. If your child's teacher has made significant adjustments to their teaching program or practices in order for your child to successfully access the curriculum, their name will be included on the school's register. This is not a public document. If you are interested in further information please email Mr Ashley Grimmond at Ashley.grimmond@det.nsw.edu.au or Mrs Amanda Vaga at Amanda.coroneos@det.nsw.edu.au

Absences

If your child is absent from school you must inform your child's teacher or the school office on the day. Please email your child's teacher and/or the school office nthsyddem-p.school@det.nsw.edu.au with your child's details and the reason for their absence from school. The Department requires your child's teacher to chase up every unexplained absence in their class. This process takes up valuable time that could be spent preparing lessons or providing feedback to your child. Please help us by always emailing through the reason for an absence. You can also phone the school office on 99552822 to provide this information.

SchoolStream App Version 2.0

Version 2.0 of School Stream was released last week. The update is available via the Apple and Google Play stores. Please see more information on page 20 of this newsletter.

North Sydney Council's draft Ward Street Precinct Masterplan

North Sydney Council has prepared a draft Masterplan for the Ward Street precinct in order to plan for the urban renewal of the precinct and improve the public domain offering of the North Sydney CBD. This Masterplan will be on public exhibition from Tuesday 7 August to Monday 8 October 2019. Please see pages 21-22 of this newsletter for further information if you are interested in offering feedback to the Council.

Do you know someone starting school next year?

Enrolments are open for 2019 at North Sydney Demonstration School. Enrolling now will ensure that children are booked into the school's Orientation Program and that parents are aware of all dates for future information evenings and school tours. The next school tour will be held on **Tuesday 11 September**. There will be a further two dates in Term 4 should you be unable to attend this term.

Seasons for Growth

CHILDREN & YOUNG PEOPLE'S PROGRAM

An innovative grief and loss program that uses the imagery of the seasons to illustrate the experience of grief.

The program was first developed 20 years ago and has been revised and updated to incorporate new evidence and ensure that it continues to provide relevant and valuable experience for participants.

It does not provide counselling or therapy.

What does it do?

Seasons for Growth aims to strengthen the social and emotional wellbeing of children and young people (aged 6-18) who are dealing with significant life changes by:

- Exploring the impact of the change and loss on everyday life
- Learning new ways to respond to these changes

Who is it for?

Anyone who is living with the effects of change and loss. Many factors can cause change such as:

- Friends can come and go
- Loss of someone or something you love
- Parents and families separate
- Moving to a new place
- Impact of illness
- Family work-life changes

Change affects everyone differently, as does grief. It's the impact of the change, not the event itself that *Seasons for Growth* focuses on.

We suggest that anyone affected by bereavement wait 6-12 months before participating in a *Seasons for Growth* program.

How does it work?

Seasons for Growth is a small group program that combines psychology and education with peer support, within a person centred learning approach. It uses the metaphor of the seasons to explore the cyclic nature of grief, and is underpinned by William Worden's tasks of grieving. The Children and Young People's program contains developmentally appropriate discussions and activities. *Seasons for Growth* normalises participants' experiences, and can increase protective factors (including building personal resilience and social skills) while minimising some risk factors (including isolation) that influence mental health and wellbeing. The program also supports the development of communication, decision making and problem solving skills.

How is it delivered?

The Program is run over 8 sessions with small groups of 4-7 participants and is facilitated by trained adult "Companions". The participants are provided with a safe space to learn, share and reflect and are supported by richly illustrated participant journals. Companions may be school staff, agency staff, endorsed parent volunteers or other suitable adults who have undertaken a two-day training workshop and receive a subsequent accreditation for Good Grief Ltd to deliver the program.

Outcomes

Seasons for Growth provides the support and space for children and young people to:

- **Learn** about how different people respond to change, loss and grief
- **Understand** that it is normal to experience a range of grief reactions
- **Explore** new approaches to dealing with change, loss and grief in their lives
- **Build** communication, decision making and problem solving skills
- **Participate** in a supportive network of peers and adults
- **Integrate** their new learning into their relationships with family, friends and others

Evidence

Seasons for Growth has been evaluated extensively over the last 15 years. The most recent evaluation was conducted by Southern Cross University in 2010 and concluded that the *Seasons for Growth* Program:

- Builds understanding and skills
- Improves participants' emotional wellbeing
- Enables participants to express their views, thoughts and feelings
- Strengthens participants' social and support networks.

The complete Southern Cross University Evaluation is available at www.goodgrief.org.au/research

The *Seasons for Growth* Children and Young People's Program has a 4 Star rating in the Mind Matters Program Evidence of Effectiveness Ranking: [read more](#)

The *Seasons for Growth* Children and Young People's Program is now listed with the Australian Government, Child Family Community Australia website as an evidence based program.

**Tell Them From Me student survey:
Information and consent form for
parents and carers**

**North Sydney
Demonstration
School**

22 August 2018

Dear Parents and Carers

This term, our school is taking part in the Tell Them From Me student survey. The survey will provide us with valuable feedback on what our students think about school life, how engaged they are with school and the different ways that teachers interact with them. Schools in Australia and around the world have used the Tell Them From Me survey to help them improve. The survey is completed on-line and is run by an independent research company, The Learning Bar, which specialises in school-based surveys.

Staff in schools will not be able to identify individual students from their responses. To ensure confidentiality, participating students will receive a unique username and password. Where fewer than five students respond to a question, the results will be suppressed. The survey typically takes 30 minutes or less to complete and will be administered by the school during normal school hours. Once the surveys are completed by students, reports are prepared and in most cases are available to schools within three business days.

This survey will help our school better understand how to improve student wellbeing and engagement. It will help the school identify what works to improve student outcomes.

Participating in the survey is entirely voluntary. Your child will not take part if either you or your child do not wish. If, during the survey, your child is uncomfortable, he/she can choose to stop the survey at any time. The majority of questions in the survey can be skipped.

If you **do not want your child to take part** in the survey, please complete the attached form and return it to the school by **Friday 31 August 2018**.

More information about the survey and the research is available in English on the CESE website:

Tell Them From Me parent survey Frequently Asked Questions (parents and carers)

Centre for Education Statistics and Evaluation

1. What is the Partners in Learning parent survey?

The Partners in Learning parent survey is part of the *Tell Them From Me* suite of surveys on student engagement. The parent survey helps to clarify and strengthen the important relationship between parent and school.

The survey is designed to measure, assess and report insights from the parent point of view at the school and system levels. The focus of this NSW survey is on student wellbeing, engagement and effective teaching practices.

2. What kind of questions will the survey ask?

The survey questions aim to understand parents' perspectives on their child's experience at school, including teaching, communication and the school's support of learning and behaviour. The survey also aims to understand parents' perspectives on activities and practices at home related to their child's learning.

The survey will ask parents questions about:

Parents feel welcome	Parents are informed	Parents support learning at home
School supports positive behaviour	Safety	Inclusion
Communication preferences	Parents' participation at school	School supports learning

3. How have schools been selected to take part?

The survey is open to all NSW government schools at no cost to them. Your school has decided to participate.

4. How will taking part in this survey benefit my child's school?

The parent survey provides school principals and school leaders with parents' perspectives on their school as well as learning at home. Communication between parents and staff, activities and practices at home, and parent views on the school's support of learning and behaviour help build an accurate and timely picture that schools can use for practical improvements.

Data collected from the survey responses are quickly compiled into reports for school leaders. Principals can then use this information to help them identify emerging issues and plan for school improvement.

5. How does the parent survey relate to the student survey?

The parent survey is complementary to the *Tell Them From Me* student survey that your child may have been asked to complete. These surveys are offered (along with a teacher survey) to ensure schools can capture the views of students, teachers and parents.

For more detail on each of the surveys, see the survey website: <http://surveys.cese.nsw.gov.au/>

6. What do I need to do to participate in the survey?

The survey typically takes 15 minutes and is conducted entirely online through a secure website operated by the survey developers, *The Learning Bar*. You can complete the surveys on desktop computers, laptops, ipads, tablets and smartphones. You will be provided with a link to complete the survey at home or your school may make computers available so that you can complete the survey during school hours. This link will be distributed to you by your school during Term 3.

7. Do I need to participate?

No, participation in the survey is optional. Whilst your responses are very much appreciated, if during the survey, you feel uncomfortable, you can stop the survey at any time. The majority of questions in the survey can be skipped.

8. Will the school be able to identify me or my child from my responses?

Staff in schools will not be able to identify individual parents or students from parent responses. Data suppression rules are applied to the school reporting tools where there are fewer than five responses.

9. What sort of analysis will be done of the survey data?

Once the surveys are completed, reports are prepared and in most cases are available to schools within three business days. School leaders can use the data to better understand the experiences and views of parents at their school.

CESE will undertake state-wide analysis of the survey data in conjunction with existing student data held by the department, including performance data. The results will help all schools better understand the relationship between

parents and students' engagement, students' wellbeing, effective teaching and student learning. Results from CESE's analysis of this data will also help teachers and principals discuss what works to improve student outcomes. This supports the department's continuing focus on quality teaching and leadership. The data will be retained for future analysis to help us better understand the nature of student engagement and wellbeing over time.

10. When will the Partners in Learning survey happen?

The surveys will be conducted in all participating schools between Monday 27th August (Week 6, Term 3) and Friday 26th October 2018 (Week 2, Term 4).

What is CESE?

Dear Sir/Madam,

**RE: PUBLIC EXHIBITION OF THE DRAFT STAGE 2 WARD STREET
PRECINCT MASTERPLAN**

North Sydney Council has prepared a draft Masterplan for the Ward Street precinct in order to plan for the urban renewal of the precinct and improve the public domain offering of the North Sydney CBD.

At its meeting of 25 June 2018, North Sydney Council resolved to exhibit the draft Ward Street Precinct Masterplan. The Ward Street Precinct is a mix of commercial, mixed use and residential developments at the northern end of the North Sydney CBD. The Precinct is bound by McLaren Street to the north, Berry Street to the south, Miller Street to the west and Walker Street to the east.

There are a number of catalysts for the overall Masterplan:

- The return of the Ward Street car park to Council control in 2020
- The planned Victoria Cross Metro Station
- Strong private development interest
- The opportunity to set the direction for contemporary best practice planning
- The activation of the North Sydney Centre.

The draft Masterplan (Stage 2) is a response to the feedback received for Stage 1 and sets out to deliver a more informed, comprehensive and realisable vision for the precinct. This exploration has ensured that:

- the development potential of key sites has been examined,
- the masterplan achieves the objectives of the Greater Sydney Commission's *North District Plan*,
- the potential for different amalgamation patterns has been considered and
- the relationship to the North Sydney CBD Capacity and Land Use Strategy has been clarified.

The Stage 2 development process as resulted in two masterplan options for consideration:

- ‘Miller St Square’ Option 1; and
- ‘Central Square’ Option 2.

Both options seek to deliver transformative public domain amenity and significant community use benefits within the North Sydney Centre.

The project is being exhibited to encourage discussion on the future of the Precinct and inform further refinement. Council is seeking community feedback regarding the draft Masterplan. **The Masterplan will be on public exhibition from Tuesday 7 August 2018 to Monday 8 October 2018**, and may be viewed:

- at Council’s Customer Service Centre, 200 Miller Street, North Sydney, from 9am to 5pm Monday to Friday;
- in the Stanton Library, 234 Miller Street, North Sydney, from 9am to 9pm Monday to Thursday, 9am to 6pm Friday, and 10am to 5pm Saturday and Sunday;
- on Council’s website www.northsydney.nsw.gov.au (under “Have Your Say”).

Submissions should be addressed to The General Manager, North Sydney Council, PO Box 12, North Sydney NSW 2059 or council@northsydney.nsw.gov.au, by 5pm Monday 8 October 2018. If you would like to discuss the concept options, please contact Jennifer Lawley, Senior Strategic Planner – Urban Design, on 9936 8100.

Yours faithfully,
